---

I concur with David's remarks... I do **NOT** support a **moratorium** on towing vehicles with expired registrations!

The Community Advisory Committee on Homelessness is considering a moratorium on towing vehicles with expired registrations and not towing cars with 5 or more parking tickets. It is irresponsible for the City to allow those people who most pose a risk to our residents to be allowed to take up residence on our city streets, by our children, parks and schools without consequence. As a resident of the city of santa cruz I strongly object to this proposal. I suggest that the city counsel spend its time representing the 99% of its residents that follow the rules and suffer consequences when they don't.
