Just notified on CACH meeting topic
The CACH (Community Advisory Committee on Homelessness) is discussing a moratorium on towing vehicles with expired registrations, and not towing cars with 5 or more parking tickets. Please let the CACH and Council know your thoughts. Tickets that are written and expired registration are State vehicle code laws.

I just became aware that you are considering a moratorium. (see above)

I am against any moratorium !!
Please enforce the existing vehicle codes and TICKET andTOW these vehicles !!
