CACH members, council members,

I agree that overnight parking for those living in their vehicles on private property, church parking lots and such is something to keep working on, but as to a moratorium on towing vehicles with expired registration or over 5 parking tickets is just plain WRONG. If you do this, are you going to allow the rest of us to quit paying registration fees and not putting money in parking meters because it is no longer needed? Parking and registration will just become anarchy under your proposals, people need to pay their share and contribute to society, not just receive free handouts.

Mahalo,
Brent
