---

CACH,

Please leave the laws for motorhomes and vehicles as they are now. Since you have run out all the motorhomes and vehicles on Delaware we are now impacted
In our neighborhoods (Fair Ave, Woodrow , Handley etc.). We have been emailing you and attending meetings on this for the last 5 years, when does this end?
Please find a place (not in a residential area) where they all can park because we are getting more and more vehicles camping and as long as you continue to ignore
the situation, they will continue to come here.
Please direct Chief Mills to enforce all the existing laws.
Regards

Tom and Judith Vlassis
