---

To whom it may concern:

I am writing to express my disagreement with the proposed moratorium on towing unlicensed vehicles and/or those with 5 or more unpaid parking tickets.
This is a violation of State Vehicle code laws.

It is time that we work on real measures that truly help the homeless, not measures that further encourage flagrant violation of laws, standards and regulations.
One such program is the Safe Spaces Program run by the Associated Faith-based Community (AFC). This a program specifically for people who are homeless and living in vehicles on our streets.

I truly feel that being homeless is a horrible situation and is a problem that needs be rectified as soon as possible. However, I also think that being homeless does not mean you are entitled to break the law.

I also truly feel that the current City Council is repeatedly  disregarding the health and safety of our city with policies such as this,.

Please vote against this proposal.

Sincerely,

Diane Sipkin
