Dear City Council and CACH,

I am writing in regards to the CACH's proposal to put a moratorium on towing vehicles. My family does not support this proposal. There are currently many unroadworthy vehicles on the road in Santa Cruz.

Safe operation of vehicles requires they be in good running condition with working safety features (mirrors, lights, etc). These vehicles pose a risk to other drivers, cyclists and pedestrians. My family has personally had multiple dangerous near collisions with unroadworthy vehicles that were not in good running order and lacking registration stickers.

The SCPD has a very important job in ticketing these vehicles to ensure they are made safe so as not to endanger drivers, cyclists and pedestrians on the road. We recently received a ticket for a bad tail light and immediately took responsibility to fix it. Imposing a moratorium on towing will strip the SCPD of its only enforcement mechanism - jeopardizing public safety.

I urge you to protect our community by NOT IMPOSING A MORATORIUM ON TOWING.

Please keep our roads and community safe,

Thank you,
Bill Henry
