| **Date:** | Wednesday, January 29, 2020 12:54:18 PM |

---

Hello CACH,

This email is to voice my strong objection regarding the request for a moratorium on ticketing and towing.

As a lifelong Santa Cruz family resident this request is unacceptable.

We are a city of laws, we must respect the laws put in place to protect the environment and unlawful camping is a serious threat to public safety and health.

We are very sympathetic to those without homes but living in campers and tents is neither a short term or long term solution.

It is absolutely unfair to ask home owners and residents to abide by the law and let visitors to our town break the law.

Please allow the good police offers of this town to do their job and protect the public safety of our town.

Thank you and best regards,

Z Haas
Santa Cruz Ca
