**To:** City Council; CACH
**Subject:** Oppose the Moratorium on Towing - Stop Toxics on Swanton and Delaware
**Date:** Wednesday, January 29, 2020 3:16:56 PM

---

Dear City Council, Dear CACH,

I am writing in strong opposition to the CACH's proposal to put a moratorium on towing vehicles. This is an extremely irresponsible proposal for a variety of reasons.

Allowing unsafe vehicles on the streets is obviously a bad idea. Compounding the problem by allowing vehicles to serve as homes with no public health infrastructure, especially adjacent to the ocean, homes, state parks, schools, children, and public lands, is totally inappropriate.

The Natural Bridges area in particular is heavily impacted from campers emptying toxic waste on the street. It is a public safety hazard. It is unhealthy for residents, visitors, pedestrians, and wildlife in the area. The toxic discharge from RVs flows directly into the ocean with each significant rain. The streets and adjacent public and private property are drenched with garbage, needles, human waste, and other biohazards.

Should you impose a moratorium on towing, you will be stripping the SCPD of its only enforcement mechanism and thus endangering public safety. DO NOT IMPOSE A MORATORIUM ON TOWING. The people of our community and the environment deserve to be safe.

Sincerely,

David Jacobs,
Natural Bridges Resident
