---

I am a tax paying citizen in the City of Santa Cruz and DO NOT support allowing expired tag vehicles or ticketed vehicles to park anywhere they want! I live on Frederick and have felt so sorry for people at the end of the street who have had to deal with a filthy old motor home with expired tags on their vehicle parked right on top of their front door step most of the Fall and Winter. They leave their trash and other bodily fluids on the street.

Your ideas are driving good tax paying citizens out of Santa Cruz! As we leave, your town will become a place where no tourists will want to visit and your tax dollars will cease to exist! There are plenty places of faith who will allow parking in their lots! I no longer feel safe walking my pup around Santa Cruz because of the current state of things! My husband and I were almost attacked driving down Windham when a drugged up homeless person tried to get into our car while we were stopped. Yes, we called the police. This is not acceptable! I have a heart for those who are homeless but there are programs that pay some of your friends good salaries to take care of these people. I believe that you do not want the problem solved because their jobs will go away. Again, find the places of worship with big parking lots for these crappy vehicles to park!

A concerned tax paying citizen.
