---

The ability to tow vehicles is critical to the SCPD's ability to enforce 72 hour parking violations and to remove dangerous vehicles from our streets At present, if a vehicle has more than 5 unpaid tickets, it can be towed.

We CACH is proposing a moratorium on towing.

We strongly disagree with CACH's proposed moratorium.

Expired vehicle registrations and 5 or more violations is a personal responsibility. The community should not enable personal irresponsibility.

Enough is enough.
