INFORMATION REGARDING THE STATEMENT OF VOTE

This Statement of Vote is prepared and issued pursuant to Elections Code Section 15372 - 15374.

HOW RESULTS ARE COMPILED

The Statement of Vote reports shows results by "consolidated" voting precinct for each contest on the ballot. There were 242 consolidated voting precincts in this election – 143 were assigned to a polling location and 99 were assigned to vote all mail ballot due to a limited number of voters in that unique ballot type in that area of the county. A key to the consolidated voting precincts is provided in the "Voting/Absentee/Regular Precinct Cross Reference" provided in this booklet. There were 80 different ballot types in this election.

The Statement of the Vote also reports the vote-by-mail "absentee" results by "consolidated" voting precinct. Vote-by-mail results are listed by voting precinct number which is followed by the words "Vote By Mail/Absentee." This category includes permanent vote-by-mail voters, mail ballot voters, voters who request to vote by mail, or voters who vote early (using paper ballots or touchscreen) at the County Elections Office or Watsonville City Clerk's Office. Voters who reside in an all-mail ballot precinct, but voted on the touchscreen, have their votes tallied in the precinct count versus the vote-by-mail count due to the fact that touchscreens were set up for precinct operations.

Following the precinct by precinct report, total results for the Precincts and Vote-by-Mail/Absentee are provided, plus grand totals by Congressional District, State Senate Districts, State Assembly District, Supervisorial Districts, cities, local school and special districts, and the unincorporated area of the county where the contest was on the ballot.

The "Registration" column shows the total registration for the consolidated voting precinct. Voter registration information is current as of the last day to register to vote in the election (15 days prior to the election). Late arriving, but eligible, voter registration affidavits are not included in the registration figures. Further, provisional ballots cast on Election Day and voters who are on the Inactive Voter File but cast ballots on Election Day are votes that are reflected in the Ballots Cast column, but are not accounted for in the Registration column. The "Ballots Cast" column shows total ballots cast either in the precinct or vote-by-mail. In some cases provisional ballots for mail ballot precincts were incorrectly counted into the precinct numbers when they should have been added to the vote-by-mail totals.

OTHER REPORTS INCLUDED

Three election result summaries are included: The Final Official Results; the Vote-by-Mail ballots counted election night; and the Semi-Official Election Night Results.

Vote-By-Mail ballot statistical reports are provided showing the total number of ballots issued by voting precinct and the method of issuing, and then the total number of ballots returned by voting precinct. These statistics do not reflect votes cast by confidential voters in Santa Cruz County, nor do they reflect provisional ballots cast by voters in all-mail ballot precincts; nor do they reflect ballots that are voided during ballot inspection due to the voter signing his/her ballot, writing their initials or writing any other identifying mark on the ballot. Pursuant to the Uniform Vote Count Standards provided by the Secretary of State, such ballots are void and are not counted.

The Provisional Ballot Report shows how many voters voted by provisional ballot, how many of those were counted in its entirety, how many were not counted, the total number of ballots that were partially counted, and the breakdown of reasons why ballots were not counted. California law allows voters who vote a ballot from another precinct to have their votes remade for those contests in which they are eligible to vote.

A report showing the registration by District broken down by political party is also provided. Finally, there is a list of the 143 polling places established in the November election indicating which registration precincts were consolidated to form the voting precinct. For each election, the county's registration precincts are consolidated into voting precincts. The number of voting precincts is related to the number of various unique ballot types there are in the county for the particular election.

The key to registration precincts is: 1st digit = supervisorial district' 2nd digit = city, where 1 = Santa Cruz, 2 = Capitola, 3 = Watsonville, 4 = Scotts Valley and 0 = unincorporated; 3rd digit designates the council district in Watsonville. The 4th digit is random.

The last final reports outline our "Canvass Activities.
