

# TABLE OF CONTENTS

|            |                                                        |       |
|------------|--------------------------------------------------------|-------|
| <b>1.0</b> | <b>INTRODUCTION, SUMMARY &amp; PROJECT DESCRIPTION</b> |       |
| 1.1        | Purpose of EIR . . . . .                               | 1-1   |
| 1.2        | Project Overview . . . . .                             | 1-2   |
| 1.3        | Consideration of Impacts . . . . .                     | 1-2   |
| 1.4        | EIR Issues . . . . .                                   | 1-3   |
| 1.5        | EIR Process . . . . .                                  | 1-3   |
| 1.6        | Report Organization . . . . .                          | 1-5   |
| <b>2.0</b> | <b>SUMMARY IMPACTS &amp; MITIGATION MEASURES</b>       |       |
| 2.1        | Project Summary . . . . .                              | 2-1   |
| 2.2        | Areas of Controversy or Concern . . . . .              | 2-1   |
| 2.3        | Summary of Alternatives . . . . .                      | 2-2   |
| 2.4        | Summary of Impacts and Mitigations . . . . .           | 2-2   |
| 2.5        | Issues to Be Resolved . . . . .                        | 2-12  |
| <b>3.0</b> | <b>PROJECT DESCRIPTION</b>                             |       |
| 3.1        | Project Location . . . . .                             | 3-1   |
| 3.2        | Project & Site Background . . . . .                    | 3-2   |
| 3.3        | Project Characteristics . . . . .                      | 3-4   |
| 3.4        | Area Plans and Zoning . . . . .                        | 3-12  |
| 3.5        | Intended Uses of EIR . . . . .                         | 3-12  |
| <b>4.0</b> | <b>ENVIRONMENTAL EVALUATION</b>                        |       |
| 4.0        | Introduction . . . . .                                 | 4.0-1 |
| 4.1        | Aesthetics . . . . .                                   | 4.1-1 |
| 4.2        | Historical Resources . . . . .                         | 4.2-1 |
| 4.3        | Transportation and Traffic . . . . .                   | 4.3-1 |
| 4.4        | Water Supply . . . . .                                 | 4.4-1 |
| 4.5        | Air Quality & Greenhouse Gas Emissions . . . . .       | 4.5-1 |
| 4.6        | Geology and Soils . . . . .                            | 4.6-1 |
| 4.7        | Land Use . . . . .                                     | 4.7-1 |
| <b>5.0</b> | <b>CEQA CONSIDERATIONS</b>                             |       |
| 5.1        | Significant Unavoidable Impacts . . . . .              | 5-1   |
| 5.2        | Growth Inducement . . . . .                            | 5-1   |
| 5.3        | Cumulative Impacts . . . . .                           | 5-3   |
| 5.4        | Project Alternatives . . . . .                         | 5-18  |
| <b>6.0</b> | <b>REFERENCES</b>                                      |       |
| 6.1        | Agencies Contacted . . . . .                           | 6-1   |
| 6.2        | References . . . . .                                   | 6-1   |
| 6.3        | EIR Preparation . . . . .                              | 6-4   |

**7.0 EIR FIGURES**

|     |                                                           |      |
|-----|-----------------------------------------------------------|------|
| 1-1 | Project Location . . . . .                                | 7-1  |
| 1-2 | Existing Building Footprint and Site Topography . . . . . | 7-2  |
| 1-3 | Existing Building References . . . . .                    | 7-3  |
| 1-4 | Project Site Plan . . . . .                               | 7-4  |
| 1-5 | Proposed Floor Plans . . . . .                            |      |
|     | 1- First Level . . . . .                                  | 7-5  |
|     | 2- Second Level . . . . .                                 | 7-6  |
|     | 3- Third Level . . . . .                                  | 7-7  |
|     | 4- Fourth Level . . . . .                                 | 7-8  |
|     | 5- Fifth Level . . . . .                                  | 7-9  |
|     | 6- Sixth Level. . . . .                                   | 7-10 |
| 1-6 | Renderings of Proposed Hotel . . . . .                    | 7-11 |
| 1-7 | Proposed Exterior Building Elevations . . . . .           |      |
|     | A- South and North Elevations . . . . .                   | 7-12 |
|     | B - West and East Elevations . . . . .                    | 7-13 |
| 1-8 | Demolition Plan . . . . .                                 | 7-14 |
| 2-1 | Views of Project Site . . . . .                           | 7-15 |
| 2-2 | Location of Photosimulations . . . . .                    | 7-16 |
| 2-3 | Project Photosimulations . . . . .                        |      |
|     | A - View From Wharf . . . . .                             | 7-17 |
|     | B - View From West Cliff Drive . . . . .                  | 7-18 |
|     | C - View From Ocean View Park. . . . .                    | 7-19 |
|     | D - View From Main Beach. . . . .                         | 7-20 |
|     | E - View From Main Street. . . . .                        | 7-21 |
|     | F - View From Beach Street . . . . .                      | 7-22 |
|     | G - View From First Street . . . . .                      | 7-23 |
|     | H - View From Beach Street at Westbrook . . . . .         | 7-24 |
|     | I - View Down Beach Street . . . . .                      | 7-25 |
| 2-4 | Project Shadow Study . . . . .                            |      |
|     | A - March/September . . . . .                             | 7-26 |
|     | B – June . . . . .                                        | 7-27 |
|     | C – December . . . . .                                    | 7-28 |
| 3-1 | Alternative 1 Building Footprint . . . . .                | 7-29 |
| 3-2 | Alternative 2 Building Footprint . . . . .                | 7-30 |

**APPENDICES**

|    |                                                   |
|----|---------------------------------------------------|
| A. | Initial Study                                     |
| B. | EIR Notice of Preparation and Comment Letters     |
| C. | Historic Resources Technical Report               |
| D. | Traffic Impact Study                              |
| E. | Air Quality & Greenhouse Gas Emissions Assessment |
| F. | Geotechnical Investigation Update                 |
| G. | Structural Engineering Review                     |
| H. | Historical Resources Vibration Impact Assessment  |

**LIST OF TABLES**

|       |                                                                                                     |        |
|-------|-----------------------------------------------------------------------------------------------------|--------|
| 3-1   | Comparison of La Bahia Project Proposals . . . . .                                                  | 3-5    |
| 3-2   | Summary of Rooms Per Floor . . . . .                                                                | 3-7    |
| 3-3   | Summary of Proposed Uses and Sizes . . . . .                                                        | 3-9    |
| 4.2-1 | Locally-Designated Historic Structures Near La Bahia . . . . .                                      | 4.2-9  |
| 4.2-2 | Damage Potential to Buildings From Continuous or Frequent<br>Intermittent Vibration Levels. . . . . | 4.2-25 |
| 4.2-3 | Vibration Source Levels for Standard Construction Equipment . . . . .                               | 4.2-26 |
| 4.3-1 | Existing Intersection PM Peak Hour Levels of Service . . . . .                                      | 4.3-7  |
| 4.3-2 | Project Trip Generation . . . . .                                                                   | 4.3-15 |
| 4.3-3 | Intersection PM Peak Hour Levels of Service with Project Trips . . . . .                            | 4.3-17 |
| 4.4-1 | Estimated Project Water Demand . . . . .                                                            | 4.4-21 |
| 4.5-1 | Attainment Status for the North Central Coast Air Basin . . . . .                                   | 4.5-6  |
| 4.5-2 | Daily Air Pollutant Emissions from Operation of the Project. . . . .                                | 4.5-12 |
| 4.5-3 | Project GHG Emissions (MT CO <sub>2</sub> e/year) . . . . .                                         | 4.5-15 |
| 4.6-1 | Distances and Directions to Local Faults . . . . .                                                  | 4.6-5  |
| 4.6-2 | Deterministic Ground Acceleration Data . . . . .                                                    | 4.6-5  |
| 4.7-1 | Review of Project with City of Santa Cruz Policies . . . . .                                        | 4.7-11 |
| 5-1   | Intersection PM Peak Hour Levels of Service with Cumulative Trips . . .                             | 5-8    |
| 5-2   | Summary of Alternatives . . . . .                                                                   | 5-25   |
| 5-3   | Comparison of Impacts of Project Alternatives . . . . .                                             | 5-38   |
