**Subject:** 111 Errett Circle - Updated DPR 523  
**Attachments:** 2020-01-29\_111 Errett Circle\_DPR Forms\_rev2.pdf

Commissioners,

Please find attached a revised DPR 523 form for the 111 Errett Circle property. In recent discussions with the HPC Chair, a concern was expressed that the local criteria was not fully explained and simply referenced the state criteria which are very similar. Page and Turnbull, the preparers of the DPR 523, have revised the report elaborating on the local Historic Building Survey criteria in the evaluation section. Other minimal edits include:

- Corrected the date range of construction on page 1 of the DPR 523A form (it had erroneously read 1961 and I changed it to 1963)
- Added today's date to the header and the pg 9 "date of evaluation" for the DPR 523B forms
- Made a minor text edit to Criterion B/2 on page 16 to clarify "directly associated with this building" and "church related" activities to align with the wording of Criterion 3 of the local criteria
- Moved the existing Integrity section up to immediately follow the NRHP/CRHR significance evaluation since Criterion 7 of the local criteria relates to integrity.

If you have any questions, feel free to contact me at any time.

Thanks,

Ryan Bane
