**Importance:** High

Good afternoon, Sedrick, Jean, and Lee –

Thank you very much for your time and assistance reviewing the matter regarding the City's Pogonip open space and the Homeless Garden Project. You will find a letter attached to this email, which provides more insight into the City's understanding of the situation at hand. Below you will find additional resources to assist with your review. We are seeking review and feedback from the State so that we can provide information to our City Council, to HGP, and in response to concerns we have received from community members on this issue. To the extent you are able, please provide an estimated time for your review process. Again, thank you very much for your time and please let us know if we can help answer any questions you have.

We sincerely appreciate the partnership with California State Parks and your guidance on this issue.
