

## Union / Locust Admin Building Back-up Generator

**Current Status: Planning**

### Project Description

The Water Administration Building does not currently have a backup generator. This vulnerability was highlighted during the 2019 Public Safety Power Shutoffs (PSPS) when the administration building lost power for several days interrupting the work of staff and impacting normal business functions.

### Project Benefit

This project provides a new backup power supply to maintain business operations during power outage events.

### Operating Budget Impact

Minimal costs will be associated with the operation and maintenance of the backup power supply, but offset by maintenance of business continuity.

### Escalated Estimate

<b>Construction</b>	NA
<b>Other Costs*</b>	\$102,702
<b>Total Project</b>	<u>\$102,702</u>

\* Other costs may include design, engineering services during construction, construction management, construction contingency, environmental, permitting, legal, land transaction, city administration, and program management costs.
